INCIDENT FACTS

Incident Start Date: 09/04/2020		Incident Start Time: 6:33 p.m.	
Incident Type: Wildland fire		Cause: Under investigation	
Incident Location: Both sides of the San Joaquin River near Mammoth Pool, Shaver Lake, Big Creek and Huntington Lake.			
Forest/CAL FIRE Units: Sierra National Forest, Fresno-Kings and Madera-Mariposa-Merced CAL FIRE Units			
Unified Command Agencies: US Forest Service, CAL FIRE, Fresno County Sheriff, Madera County Sheriff			
Size: 333,880 Acres	Containment: 55%	Expected Full Containment: 10/31/2020	
Civilian Injuries: 0	Fatalities: 0	Firefighter Injuries: 21 (minor) Fatalities: 0	
Structures Threatened: 119	Structures Destroyed: 856	Structures Damaged: 71	

CURRENT SITUATION

Current Situation:	<p><u>General Information</u></p> <p>Southern California Edison’s Incident Management Team is asking that boat owners come and remove their boats from Huntington Lake. Water will be lowered with in the lake and all boats need to be removed prior to October 15, 2020. We understand that many boats have already been removed, but we want to ensure that the date of the water being lowered is well communicated.</p> <p>The SNF will allow roadblock access today Sunday, October 11, 2020 from 8am - 5pm, The check-in will be staged at each of the roadblock access points to areas where entry is to be made. Link for Permit Information, - those who have already submitted their request you will not need to re-submit information, all applicants will need to bring with them two forms of identification, a valid driver’s license/identification and proof of property ownership (electric bill, or property deed). You will not receive your permit by email.</p>
---------------------------	--

October 11th, 2020 (today) Access will be allowed by permit to the following locations:

- **From 8am – 5pm Access...** McKinley Grove to Wishon to Courtright Roads.
- **From 8am – 5pm Access...** Dinkey and Rock Creek areas.
- **From 8am – 5pm Access...** Huntington Lake and Camp Sierra areas.
- **Boat pick up at Huntington Lake Boat Launch**

South Zone:

Moderate fire behavior occurred overnight. Favorable weather did allow crews to continue the good progress in the last couple of days. Suppression repair work has begun and will continue around the Creek Fire perimeter. Resource advisors have been assigned to oversee the suppression repair.

Fire suppression repair is a series of immediate post-fire actions taken to repair damages and minimize potential soil erosion and impacts resulting from fire suppression activities. This work usually begins before the fire is contained and before the demobilization of an Incident Management Team.

This work repairs the hand and dozer fire lines, roads, trails, staging areas, safety zones and drop points used during fire suppression efforts.

Helicopters continue to support fire suppression progress and with the cooler temperature's firefighters will continue to make head way on containment. Rugged and steep terrain continue to present challenges. Smoke will be seen in the general area as fire personnel continue to strengthen the fire perimeter. Some residents remain evacuated in the areas of Mono Hot Springs, Vermillion Resort, Muir Trail Ranch, Blayne Meadow and Florence Lake.

North Zone:

Crews are making good progress mopping up along the western perimeter taking advantage of the cooler weather. Small pockets of dense and intense heat continue to persist within the fire area. Fire fighters in the Little Shuteye Peak area will be aided by helicopter bucket drops today, if conditions are favorable as they mop-up, patrol, and secure this section of line. The northern area of the fire continues to creep in small pockets of intense heat but remains hung up in the granite formations. Road and structure groups are working together along the 81 Road corridor using chippers and faller modules and will also begin suppression repair today. These areas have heavy smoke at times and are creating poor visibility and safety concerns. The fire is 10 miles west of Mammoth Lakes; little forward progression is occurring due to the natural barriers of rock and the Lions Fire (2018) burn scar. Conditions continue to be monitored very closely. Please respect the Temporary Flight Restriction. The use of

	<p>drones is not permitted over the fire area. A drone incursion will result in the grounding of all firefighting aircraft. Remember, "If you fly - We can't."</p> <p><u>Weather:</u></p> <p>North to northwest winds will blow across parts of the fire behind the passage of an upper-level disturbance early this morning. High pressure will build onshore from the Pacific this coming week becoming stronger over the west and bringing warmer, much drier conditions. Smoke will remain present overnights and into the mornings, with some air quality improvement during the afternoons as local winds develop. Critical fire weather conditions are possible by around Wednesday, due to minimal RH recovery and development of warmer than normal temperatures.</p>
Bullfrog Fire Information	The Bullfrog Fire is burning on the Sierra National Forest but is not related to the Creek Fire. For more information, visit inciweb.nwcg.gov/incident/7191/ .

Road Closures:	<p>Fresno County: Hwy 168 is closed at Kaiser Pass Road. Interactive evacuation map: https://tinyurl.com/y3wpp6ol.</p> <p>Madera County: Cascadel Road at 8509 Cascadel Road Mammoth Road at 59701 Mammoth Road Beasore Road at Road 274 Road 632 at Buckskin Lane Closure updates are listed at: facebook.com/MaderaSheriff/</p>
Fresno County Resources:	<p>A multi-agency Local Assistance Center (LAC) is at the Clovis Veterans Memorial District (808 4th Street) to support residents impacted by the Creek Fire.</p>

The LAC is open Monday through Friday, 10:00 a.m. to 6:00 p.m. until further notice. The LAC serves to connect residents and property owners with assistance and resource availability through a variety of state and local agencies.

Services include critical document replacement, social services, economic recovery financial services, motor vehicle services, healthcare, mental health services and American Red Cross.

Residents and property owners seeking in-person assistance at the LAC will be asked to practice COVID-19 prevention measures, including wearing a face covering and maintaining social distancing.
