## CURRENT SITUATION

<b>Situation Summary:</b>	<p>Throughout the night there was active fire with short range spotting and rollout was still occurring in steep drainages from fire weakened timber. With historic drought conditions there is heavy dead and down fuels through the fire area. Northern California remains under fuels and fire behavior advisory. Due to ongoing damage assessment of the area the numbers of destroyed and damaged structures are subject to change.</p> <p>To better provide public and firefighter safety due to extreme fire conditions throughout Northern California, and strained firefighter resources throughout the Country, the USDA Forest Service Pacific Southwest Region is announcing a temporary closure of nine National Forests. This closure will be effective on August 22, 2021, at 11:59 p.m. through September 6, 2021, at 11:59 p.m. The closure order can be found at <a href="https://go.usa.gov/xF7EM">https://go.usa.gov/xF7EM</a></p>
