INCIDENT FACTS

Incident Start Date: 7/13/2021		Incident Start Time: 5:15 p.m.
Incident Type: Vegetation		Cause: Under Investigation
Incident Location: Feather River Canyon near Cresta Powerhouse		
Size: 113,006 acres	Containment: 18%	Expected Full Containment: Unknown
Civilian Injuries/Fatalities: 0		Firefighter Injuries/Fatalities: 0
Structures Threatened: 1,500	Structures Destroyed: 8	Structures Damaged: 0

CURRENT SITUATION

<p>Incident Update</p> 	<p>The Dixie Fire is burning in a remote area with limited access, extended travel times in steep terrain are hampering control efforts. Fire will continue to rapidly expand, causing a need for the critical resources to control, and manage the incident. Fire crews will continue using/opening up old control lines from the Bear Fire and the Chips Fire. The fire is expected to continue to move northeast, with potential for 2 to 3 miles of new growth. Relative humidity will drop into the upper single digits with little to no overnight recovery.</p>
<p>Dixie Fire Evacuation Map</p> 	<p>For more information on the Dixie Fire, click the following links: CAL FIRE website: https://www.fire.ca.gov/incidents USFS Information https://inciweb.nwcg.gov/incident/7690/</p>
